Tailor-made design for vehicle manufacturers

Experience high performance like no other with the MICHELIN Pilot Sport S⁵ road and track tyre. Tailor-made for prestigious sports car manufacturers.

Razor-sharp handling for assertive control

Harness the true power of your ride with this summer tire equipped with Dynamic Response Technology to deliver ultra-responsive handling.

Remarkable wet and dry grip for next-level performance⁽¹⁾

Confidently explore the potential of your sports car in wet or dry conditions. The Dual Sport Tread Design with Bi-Compound Technology allows you to enjoy maximum grip on road and track.

MICHELIN

Legal mentions on the back.

DYNAMIC RESPONSE TECHNOLOGY

MotorSport experience legacy - an hybrid belt of Aramid and Nylon ensures **optimum transmission of steering instructions** onto the road.

DUAL SPORT TREAD DESIGN WITH BI-COMPOUND TECHNOLOGY

- External side with larger rigid blocks and a new racing derived compound **to maximize grip on dry roads or tracks.**
- Internal side with a new cutting edge rubber compound engineered to grip wet surfaces and large longitudinal grooves that flush the water away **for enhanced wet road traction.**
