

MICHELIN / CITY Pro

URBAN / ROAD

OFF-ROAD

YOUR ALLY AGAINST THE UNEXPECTED

PUNCTURE-RESISTANT

Excellent puncture resistance thanks to Michelin Overlap Technology (MOT), which incorporates 3 reinforced plies under the tread.

LONGEVITY

The significant depth of the tread increases the longevity of the tyre while giving secure grip on wet roads thanks to its full length central groove and its increased level of grooving as lean angles increase.
